WMCC provides the following information about this Certificate program to assist students in making an informed decision about their education, in compliance with U.S. Department of Education regulations.

Program Information:	Surveying Certificate	Classification of Instructional Program Code (CIP Code) and CIP Description:	45.0702 Surveying. Surveying has changed dramatically with the integration of computers, robotic surveying instruments and global positioning systems into the surveying profession. Students studying Surveying Technology will learn the most current surveying techniques using the latest surveying equipment. Students have the opportunity to become proficient in using electronic total stations, robotic instruments, surveying data collectors and global positioning systems equipment, as well as the supporting computer software programs. A one-year Professional Certificate program designed to meet the needs of those whose predominant wish is to pursue field positions.
