Teacher Education Degree: Program Outcomes

Upon successful completion of this program, graduates will be prepared to:

1. Demonstrate an awareness of and a beginning understanding of the teaching profession in regard to its historical context, the implications of the profession, and the role played by public education in contemporary society.

2. Articulate a beginning philosophy of education that incorporates an understanding of relevant theories and models of education.

3. Be reflective practitioners that recognize the impact of ongoing reflection in order to become effective educators.

4. Demonstrate college-level proficiency in written and oral communication, and analytical mathematical and scientific reasoning that support the effective use and application of the knowledge, skills and dispositions required in the teacher education as measured by the Praxis.

5. Reflect and make an informed decision regarding multiple learning environments and appropriate curriculum in order to meet the individual needs of all children.

6. Demonstrate knowledge of self and a general understanding of the human condition that promotes an appreciation for diversity, historical context, and exceptionalities.
