

White Mountains Community College

1/7/2020

Spring 2020 Courses (1/21-5/8)

Berlin, Littleton, North Conway, and Online

A guide to course sections: The **section** of the course identifies whether the course is meeting in **Littleton or North Conway, during the day or evening, online or HYBRID**. Be sure to learn the key before registering for courses:

H – Hybrid – a combination of face to face lecture/lab work as well as an online component.

V – Video Conference - Instructors are encouraged to rotate campuses so that all students have one on one and face to face attention with the instructor, however there will be times when you are on the “video” end of a course and the instructor will be on an alternate campus. This course will either use video conferencing software or Zoom technology through your instructor or Canvas.

VH – This is a combination of both video conference and hybrid, where the modality will include video conferencing, face to face meetings and online course work.

The last letter of each section indicates the course “home base”.

(D= Berlin Day, E=Berlin Evening, L=Littleton, C=Conway).

C1 –The class will be face to face in Conway

D1 – The class will be face to face in Berlin

E1 – The class will be face to face in Berlin, during the evening

L1 – The class will be face to face in Littleton

ZZ – Online

****NEW! Courses in bold text indicate free or low cost textbook and resource requirement.****
