

Running Start - Transferring WMCC credits

The college transcript is the proof that the student has completed the Running Start (RS) coursework.

College credits earned through Running Start will be reflected on the official transcript, and may transfer to many colleges and universities throughout the U.S. Please note, however, that the number of credits granted for coursework is determined entirely by the institution to which the student transfers. Some colleges may wish to review your course syllabi, significant projects, papers, or a final exam prior to accepting transfer credit. White Mountains Community College catalog with course information can be accessed at <http://www.wmcc.edu/academics/course-descriptions>.

Course grades of C or higher on an official college transcript are recommended - and usually required - for transferring course credits.

How do I obtain a WMCC transcript listing my courses and grades?

1. Print the Transcript Request Form on page two below. Additional copies of the Transcript Request Form can be downloaded at <http://www.wmcc.edu/sites/default/files/content/documents/transcriptrequestform-andinfo.pdf>
2. Complete the form, then sign it, and send it or bring it to the WMCC address listed on the transcript form. You can have a copy of your transcript sent to your home and/or to one or more colleges.

Next Steps

1. Check with the receiving college to confirm receipt of your transcript. If they didn't receive it, contact your RS Coordinator or the Registrar at WMCC. If they did receive your transcript, then ask to speak to the person at the receiving college who makes transfer credit decisions. That person could be a department chairperson, a dean, or a college official in Academic Affairs. It usually is *not* the Registrar or Admissions.
2. If your credits are not accepted, try to find out why. Additional information may be required. Some colleges will not grant any transfer credit. If you should transfer to another college your credits may be accepted by the next college you attend.
