

Borrow Wisely

Although student loans are a convenient source of funding for your education, it is important to borrow carefully. Your award notification letter indicates the type of loan(s) and the amounts you are eligible to borrow.

How Much Should I borrow?

You can determine whether you need a loan and how much you need to borrow by adding up the total cost of your education (tuition, fees, room and board, etc.) and subtracting the amount of scholarships, grants, and savings you have to contribute to those costs. You should borrow only what you need and consider the earnings potential in your chosen profession to determine how easily you will be able to repay your debt. You can find salary estimates on the WMCC website using Career Coach at <https://wmcc.emsicc.com>.

What is the difference between Subsidized and Unsubsidized Loans?

Subsidized Loan

- Subsidized Loans are available to undergraduate students with financial need
- The Department of Education pays the interest on a Subsidized Loan, while you are in school at least half-time and during your six month grace period

Unsubsidized Loan

- Unsubsidized Loans are available to undergraduates, there is no requirement to demonstrate financial need
- You are responsible for paying the interest on an Unsubsidized Loan. If you choose not to pay the interest while you are in school and during grace periods, your interest will accumulate and the interest will be added to the principal amount of your loan
