

Are you interested in starting your career in the healthcare field?

White Mountains Community College is offering a
Phlebotomy training course starting September 27, 2022

The Phlebotomy course includes
42 training hours of lecture and lab.

September 27 - November 2 | Tuesday and Wednesday
9 am to 1:30 pm | Berlin Campus | 2020 Riverside Drive

Six benefits of being a phlebotomy technician

- **Phlebotomy is an in-demand career with a short training program**
- **You will earn a great income**
- **You will never get bored**
- **You have flexibility**
- **You will have impact on your patients' lives**
